

June 2008

Dear Supportive Parent:

In these times of budget squeezes and funding cuts, we at Abington Bank wanted to do something to help the schools in the community. We truly believe that our young people represent the future and they deserve the best possible educational opportunities available so we've created a program that supports our schools, and want to tell you about it.

You can help raise money for local education by visiting Abington Bank and opening a free checking account. In return, not only will you receive free checks and great service, but we'll also make a contribution to the community on your behalf. That's right, for every new Green Wave checking account, we'll make a \$10 donation to your choice of the Abington Education Foundation or the St. Bridget's School – all you have to do is tell us where to send it.

While I don't need to tell you about the benefits of charitable donations to our community's schools, I would like to take a minute and tell you why "Green Wave" checking is such a great account:

- No fees
- Free ATMs*
- Convenient Online Banking
- No minimum balance requirements
- Free checks
- And much more!

Abington Bank is committed to the future of our community and all who live here. Therefore, I am appealing to you, supportive parents, to share with us in this unique opportunity by supporting our school systems. I challenge you to help make this program a success. Please stop by our office today to open your new Green Wave checking account.

Thank you for your support and consideration.

Sincerely,

A handwritten signature in blue ink that reads "Andy".

Andrew J. Raczka
President & CEO

*Free ATMs are for SUM Network. Non-SUM Network ATMs may charge a fee.
